

Summer is *why* you LASIK.  
**nJoy Vision is *where* you LASIK.**

# \$1,000 SAVINGS June - September

Usual LASIK Price: \$2,495 per eye  
**Summer Promotion: \$1,995 per eye**

LASIK (Laser-Assisted In Situ Keratomileusis) is the most common elective vision procedure in the U.S., and one of the most popular forms of elective surgery in America. For most patients with myopia (nearsightedness), hyperopia

(farsightedness), or astigmatism, LASIK provides a permanent alternative to glasses or contacts. The procedure usually takes less than 15 minutes and recovery time is typically very rapid, often resulting in 20/20 vision or better.

## You'll love LASIK at nJoy Vision.

Technology with a human touch.

At nJoy Vision, our physicians are among the most celebrated and respected in the country, and they use only the most advanced laser technology available - the iDESIGN® Refractive Studio, which combines the iFS® Advanced Femtosecond Laser with the STAR S4 IR® Excimer Laser.

This market-leading technology has been used in over 10 million procedures, and offers the fastest and most precise LASIK experience possible. That means less recovery time and less time away from work.
